SW1A 0AA

Dear

MP,

date:

I am very angry and upset at the continued underfunding and privatisation of our NHS. The result is underpaid and often demoralised staff, massive waiting lists, dangerous ambulance response times, worsening access to GPs and dentists, inadequate mental health services and much more.

I therefore appeal to you to support:

- Supporting the restoration of our NHS
- Emergency funding to deal with the current crisis
- Ending the privatisation of health services

Yours sincerely,

Name:
